CONSULTING SERVICES

# Transportation System Plan Update (2015-2035)

## Project Information

Project: **Transportation System Plan Update (2015-2035)**  
Prepared for: **City of Battle Ground**  
109 SE 1<sup>st</sup> Street  
Battle Ground, WA 98604

## Reviewing Agency

Jurisdiction: City of Battle Ground

## Project Representative

Prepared by: **SCJ Alliance**  
315 W Mill Plain Blvd, Suite 208  
Vancouver, WA 98660

Project Reference: SCJ #743.01  
Path: Document1

## TABLE OF CONTENTS

	Page
<b>1. INTRODUCTION.....</b>	<b>1</b>
1.1 Background.....	1
1.2 Report Content and Organization .....	2
<b>2. UPDATE OF RECOMMENDED TRANSPORTATION IMPROVEMENTS.....</b>	<b>3</b>
2.1 Introduction.....	3
2.2 Functional Classification Map Update.....	3
2.3 Complete Streets Inventory .....	4
2.4 Truck Route Plan .....	8
2.5 Extension of NW 5 <sup>th</sup> Way West of SR 503 .....	8
2.5.1 Scope of the Study.....	10
2.5.2 Key Findings and Conclusions.....	10
2.5.3 Recommendations .....	11
2.6 Extension of NE 189 <sup>th</sup> Street and/or NE 179 <sup>th</sup> Street East of SR 503.....	14
2.6.1 Future Traffic Forecasts.....	14
2.6.2 Jurisdictional Operating Standards .....	15
2.6.3 Existing Operating Conditions .....	15
2.6.4 2035 Operating Conditions .....	16
2.6.5 Potential Intersection Improvements .....	18
2.6.6 Recommendations .....	19
2.7 Extension of NW 5 <sup>th</sup> Street, SR 503 to N Parkway Avenue.....	19
2.8 Extension of NE 179 <sup>th</sup> Street west of SR 503.....	21
<b>3. CAPITAL COSTS AND ACTION PLANS .....</b>	<b>23</b>
3.1 Short-Term Improvements (2015-2020) .....	24
3.2 Medium-Term Improvements (2021-2025) .....	25
3.3 Long-Term Improvements (2026-2035) .....	29

## LIST OF TABLES

	Page
Table 1. Existing PM Peak Hour Intersection Operations .....	15
Table 2. 2035 PM Peak Hour Intersection Operations Baseline .....	16
Table 3. 2035 PM Peak Hour Intersection Operations with 189 <sup>th</sup> Street Connection .....	17
Table 4. 2035 PM Peak Hour Intersection Operations with 179 <sup>th</sup> Street Connection .....	17
Table 5. 2035 PM Peak Hour Intersection Operations with Both 179 <sup>th</sup> and 189 <sup>th</sup> Street Connections.....	18
Table 6. 2035 PM Peak Hour Operations with both 179 <sup>th</sup> and 189 <sup>th</sup> Street Connections and Mitigation .	18
Table 7. 2035 PM Peak Hour Intersection Operations with NW 5 <sup>th</sup> Street/NW 5 <sup>th</sup> Way Extensions .....	21
Table 8. 2035 PM Peak Hour Intersection Operations with NE 179 <sup>th</sup> Street Connection between NE 102 <sup>nd</sup> and NE 142 <sup>nd</sup> Avenues.....	22
Table 9. Transportation System Improvements – Short Range (2015-2020) .....	24
Table 10. Transportation System Improvements – Medium Range (2021-2025) .....	25
Table 11. Transportation System Improvements – Long Range (2026-2035) .....	29

## LIST OF FIGURES

	Page
Figure 1. 2015 Functional Classification System .....	5
Figure 2. Arterial Complete Streets Inventory – Walkways.....	6
Figure 3. Complete Streets Inventory – Bikeways .....	7
Figure 4. Bikeway Design Considerations .....	8
Figure 5. Truck Route Plan .....	9
Figure 6. W Main Street Proposed Cross-Section East of SR 503 (With Elimination of Westbound Left Turns into the Shell Station) .....	11
Figure 7. Potential W Main Street Cross-Section West of SR 503 – Option 1 (With Elimination of Westbound Left Turns onto SW 12 <sup>th</sup> Avenue) .....	12
Figure 8. Potential W Main Street Cross-Section West of SR 503 – Option 2 (With Westbound Left Turn Storage Reduction.....	12
Figure 9. NW 12 <sup>th</sup> Avenue Cross-Section Alternatives (W Main Street to NW 1 <sup>st</sup> Street) .....	13
Figure 10. Alignment Options for NW 5 <sup>th</sup> Street.....	20
Figure 11. Short-Term Improvements (0-5 Years) .....	36
Figure 12. Medium-Term Improvements (6-10 Years) .....	37
Figure 13. Long-Term Improvements (11-20 Years) .....	38

## LIST OF APPENDICES

Appendix A	Traffic Volumes
Appendix B	Existing PM Peak Intersection Analysis Worksheets
Appendix C	2035 PM Peak Intersection Analysis Worksheets – Baseline
Appendix D	2035 PM Peak Intersection Analysis Worksheets – With NE 189 <sup>th</sup> Street Extension
Appendix E	2035 PM Peak Intersection Analysis Worksheets – With NE 179 <sup>th</sup> Street Extension
Appendix F	2035 PM Peak Intersection Analysis Worksheets – With Both NE 179 <sup>th</sup> & 189 <sup>th</sup> Street Extensions
Appendix G	2035 PM Peak Intersection Analysis Worksheets – With Improvement Options Along SR 503
Appendix H	2035 PM Peak Intersection Analysis Worksheets – With NW 5 <sup>th</sup> Street/NW 5 <sup>th</sup> Way Extensions
Appendix I	2035 PM Peak Intersection Analysis Worksheets – With NE 179 <sup>th</sup> Connection (NE 102 <sup>nd</sup> to 142 <sup>nd</sup> Avenues) and NE 189 <sup>th</sup> Extension to NE 142 <sup>nd</sup> Avenue
Appendix J	Project Cost Estimates
