

COMPREHENSIVE WATER SYSTEM PLAN

FOR

CITY OF BATTLE GROUND, WASHINGTON

May 2013

Prepared by:

MURRAY, SMITH & ASSOCIATES, INC.
121 SW Salmon, Suite 900
Portland, OR 97204
503.225.9010

In Association with:

PACIFIC GROUND WATER GROUP
2377 Eastlake Avenue East
Suite 200
Seattle, WA 98102

FCS GROUP, INC.
Redmond Town Center
7525 166th Avenue NE, Suite D-215
Redmond, WA 98052

TABLE OF CONTENTS

Department of Health Approval Letter	
SEPA DNS Determination Letter	
City of Battleground, Local Government Consistency Review Checklist	
Clark County, Local Government Consistency Review Checklist	
Clark Public Utilities Plan Review Letter	
Planning Commission Public Hearing Notice	
City of Battleground Plan Adoption Ordinance No 14-05	

EXECUTIVE SUMMARY

Page

Purpose and Compliance	ES-1
Water System Overview.....	ES-1
Service Area	ES-1
Projected Population, ERUs and Water Demand.....	ES-2
Water System Evaluation Criteria, Analysis and Deficiencies	ES-2
Water Supply	ES-3
Pump Stations	ES-4
Storage Reservoirs	ES-4
Transmission and Distribution Piping	ES-5
Water Resource Evaluation.....	ES-6
Distribution System Leakage (DSL)	ES-6
Water Use Efficiency.....	ES-6
Water Rights	ES-6
Recommended CIP.....	ES-7
Financial Plan.....	ES-9
Past Financial Performance and Key Findings.....	ES-9
Capital Costs and Funding Strategy	ES-10
Revenue Requirements Forecast.....	ES-10
Current and Projected Rates	ES-10
System Development Charge (SDC).....	ES-11

1. EXISTING WATER SYSTEM AND POLICIES

Ownership and Management.....	1-1
System Background.....	1-1
History of Water System Development and Growth.....	1-1
Geography.....	1-2
Inventory of Existing Facilities	1-3
Water Sources	1-3
Water Treatment	1-4
Water Storage Reservoirs	1-4
Pump Stations	1-5
Transmission and Distribution Mains.....	1-6
Related Plans	1-7

Coordinated Water System Plans	1-7
Comprehensive Land Use Plans	1-7
Previous Battle Ground Water System Plans	1-7
Clark Public Utilities Water System Plan.....	1-7
Battle Ground Wellhead Protection Plan.....	1-7
Existing and Retail Service Area	1-7
Future Service Area.....	1-9
Service Area Agreements.....	1-9
Water Utility Service Area Policies	1-9
Wholesale Water and Wheeling of Water	1-9
Direct Connection	1-9
Design and Performance Standards	1-9
Oversizing Policy.....	1-10
System Extension.....	1-10
Conditions of Service	1-10
Purveyor Responsibilities	1-10
Customer Responsibilities	1-10
Connection Fees.....	1-10
Meter and Materials Requirements.....	1-10
Consent	1-10
Cross Connection.....	1-10
Service Connection Responsibility	1-11
Developer Extension Requirements	1-11
Utility Easements.....	1-11
Complaints	1-11
The City of Battle Ground 2012 Organizational Table.....	1-12

2. POPULATION AND WATER DEMAND

Current Population, Service Connections, and Water Use	2-1
Current Service Area Population	2-1
Current Service Connections	2-2
Current Water Use	2-2
Equivalent Residential Units.....	2-5
Future Population and Water Demand Forecasting	2-6
Projected Population.....	2-6
Projected Water Demands.....	2-7

3. WATER SYSTEM ANALYSIS

Water Supply Criteria and Analysis.....	3-1
Water Supply Analysis	3-1
Pump Station Criteria and Analysis	3-3
Horsethief Pump Station.....	3-4
Tukes Mountain Pump Station	3-6
Storage Criteria and Analysis.....	3-8

Storage Criteria	3-8
Storage Analysis	3-9
Distribution and Transmission System Criteria and Analysis	3-11
Hydraulic Model Development	3-11
Distribution and Transmission Criteria	3-13
Distribution and Transmission Analysis.....	3-14
Valves, Telemetry and Intertie Evaluations	3-15
Valves	3-15
Telemetry	3-15
Interties	3-15
Physical Capacity Summary	3-16

4. WATER RESOURCE ANALYSIS

Distribution System Leakage	4-1
Water Use Efficiency	4-2
Reclaimed Water	4-2
Water Rights Evaluation	4-2
Interties.....	4-4
Clark Public Utilities	4-4
Water Supply Reliability Analysis.....	4-5
Water Right Adequacy	4-5
Facility Reliability	4-5

5. WELLHEAD PROTECTION PLAN

6. OPERATION AND MAINTENANCE PROGRAM

Water System Management and Personnel.....	6-1
Public Works Director	6-1
Engineer, Associate Civil Engineer.....	6-1
Engineering Technician II	6-1
Operations Manager.....	6-1
Public Works Supervisor	6-2
Waterworks Certification	6-2
System Operation	6-3
System Overview.....	6-3
Routine Operation.....	6-3
Operation and Maintenance Procedures	6-4
Comprehensive Water Quality Monitoring Plan.....	6-6
Water Quality Sampling Procedures	6-7
Reporting, Follow-Up Action and Public Notification	6-8
Emergency Response Plan	6-12
Introduction.....	6-12
Boil Water Advisories	6-14
Major Emergency During Non-Working Hours.....	6-16

Emergency Duties.....	6-16
Emergency Response Procedures	6-18
Safety Procedures	6-23
Cross Connection Control Program	6-23
Customer Complaint Response Program	6-24
Record Keeping and Reporting	6-25
O&M Improvements	6-25

7. DESIGN AND CONSTRUCTION STANDARDS

Project Review Procedures.....	7-1
Policies and Requirements for Outside Parties	7-1
Design Standards (Performance Standards and Sizing Criteria).....	7-2
Construction Standards (Materials and Methods).....	7-2
Construction Certification and Follow-Up Procedures.....	7-3

8. CAPITAL IMPROVEMENT PROGRAM

Introduction	8-1
Cost Estimating Data.....	8-1
Water System Improvements	8-1
Wellhead Protection.....	8-2
Proposed 2012 Water System Improvements.....	8-2
Capital Improvement Program.....	8-8

9. FINANCIAL PLAN

Introduction	9-1
Financial Structure	9-1
Financial Policies.....	9-1
System Reinvestment.....	9-2
Past Financial Performance	9-3
Capital Costs and Funding Strategy	9-5
Revenue Requirements Forecast.....	9-6
Current and Projected Rates	9-8
Affordability	9-9
Available Funding Assistance and Financing Resources	9-10
Conclusion.....	9-15

TABLES

ES-1	Population and Demand Projections Summary	ES-3
ES-2	Capital Improvement Program.....	ES-8
ES-3	Existing and Projected Water Rates.....	ES-11
ES-4	SDC by Meter Size	ES-12
1-1	Water Supply Summary.....	1-3
1-2	Groundwater Well Treatment Summary.....	1-4
1-3	Water Storage Reservoir Summary	1-5

1-4	Pump Station Summary	1-6
1-5	Water Main Summary	1-6
2-1	Water Service Area Population Summary	2-1
2-2	2011 Water Service Connections and Consumption by Customer Class	2-2
2-3	Historical Monthly and Annual Water Production	2-3
2-4	2011 Largest 10 Water Users.....	2-5
2-5	2011 Equivalent Residential Unit (ERU) Summary.....	2-6
2-6	Water Service Area Population Projection	2-7
2-7	Population and Demand Projections Summary	2-8
3-1	Water Supply Criteria	3-1
3-2	Supply Evaluation Summary	3-2
3-3	Supply Reliability Analysis	3-3
3-4	Open Zone Pump Station Criteria.....	3-4
3-5	Horsethief Pump Station Required Capacity Evaluation.....	3-5
3-6	Closed Zone Pump Station Criteria	3-6
3-7	Tukes Mountain Pump Station Required Capacity Evaluation	3-7
3-8	Storage Analysis Criteria	3-9
3-9	Storage Capacity Evaluation.....	3-10
3-10	Distribution and Transmission System Criteria.....	3-14
3-11	Physical Capacity Summary.....	3-16
4-1	Historical Supply, Demand and DSL Summary	4-1
4-2	City of Battle Ground Water Rights Summary.....	4-4
4-3	Water Rights Self Assessment – Existing Status.....	4-6
4-4	Water Rights Self Assessment – 6-Year Forecast	4-7
4-5	Water Rights Self Assessment – 20-Year Forecast	4-8
6-1	Water System Operator Certifications	6-3
6-2	Operation and Maintenance Table	6-5
6-3	Battle Ground Water System (ID#47005) Water Monitoring Plan	6-6
6-4	Water System Emergency Contact List	6-13
6-5	Potential Disaster Effects.....	6-13
6-6	Cross Connection Control Program Status	6-24
8-1	Capital Improvement Program.....	8-9
9-1a	Statement of Revenues, Expenses and Change in Fund Net Assets	9-3
9-1b	Statement of Net Assets	9-4
9-2	Capital Financing Forecast	9-6
9-3	Revenue Requirement Forecast	9-7
9-4	Ending Cash Balance Summary.....	9-8
9-5	Existing and Projected Water Rates.....	9-9
9-6	Affordability Benchmark	9-9
9-7a	2013 System Development Charge Calculation	9-11
9-7b	SDC by Meter Size	9-11

FIGURES

1-2	Water Service Area Map.....	1-8
1-1	Water System Schematic	1-14
4-1	Demand vs. Water Rights Capacity	4-3

APPENDICES

- Appendix A: Water System Map
- Appendix B: Water Use Efficiency Program
- Appendix C: Water Rights
- Appendix D: Clark Public Utilities Interlocal Water Supply Agreement
- Appendix E: Coliform Monitoring Plan Summary
- Appendix F: Cross Connection Control Program
